Instructions

1. Download the Owl templates. Use a small hexagon pegboard (square would work well too) to complete the owl design.
2. Cover the design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2.
